Utställning ställer jobbiga frågor: Hur mycket vet internet om dig? Foto: Tindra Englund

Utställning ställer stor fråga: Hur mycket vet internet om dig?

Publicerad 17 januari 2019

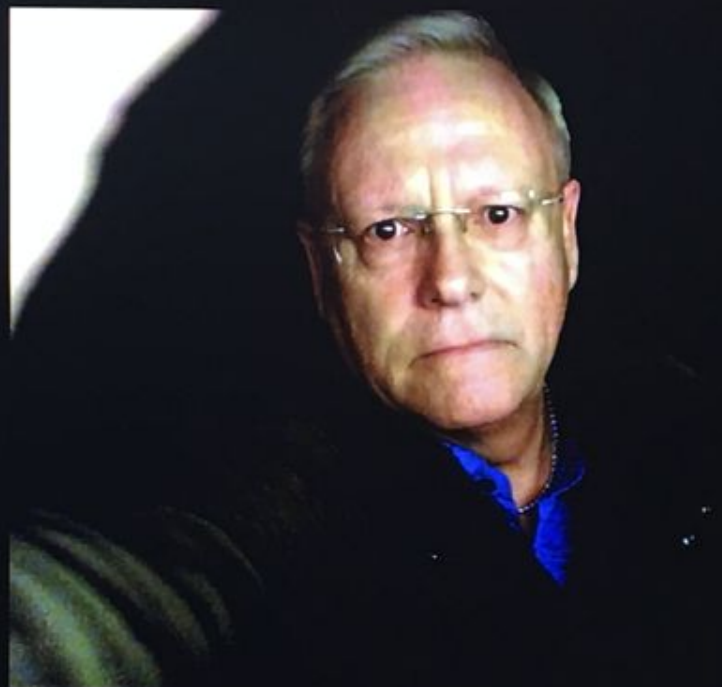

Hur mycket dataspår lämnar du efter dig och vad skulle dessa kunna användas till? Under helgen bjuder studenter från Linnéuniversitet in till en utställning som ställer både stora och jobbiga frågor.

Har du tänkt på vad dina **digitala spår** skulle kunna användas till?

Kalmar City

design_Inu Welcome to the digital version of the not so traditional winter market arranged by VC+C students Clara Doupovec and Gréta Balog.

The aim of the market is to make the holiday season safe and fun for everyone, so this years market is a true window shopping experience.

The windows of our Project Space in Kalmar is decorated with a wide range of sustainable designs and handicrafts. You can either communicate with the students through the door (they will be there sunday the 6th of dec, 10:00-18:00). Or you can contact the students here on instagram if you want to know more about their creations or if you want to make a purchase.

design_inu

design_inu Once again, the design students invite you to join in the holiday fun at the + Change space in Kalmar city. Here you will find hand made chocolate fudge, unique christmas cards and prints, as well as adorable miniature sculptures! The students have also set up a second hand corner where you can find pre-loved clothes for a bargain.

The market will continue today, sunday 5/12. It will also be open the following weekend, december 11 & 12 between 12:00 - 16:00.

Where: Olof Palmes gata 1, Kalmar.

We hope to see you there!
Happy holidays from the design students at Linnéuniversitetet.
