

Important information for all programme students regarding application for programme courses

Programme students need to apply for the courses within the programme through <https://www.universityadmissions.se/intl/start> or [antagning.se](https://www.universityadmissions.se/antagning). Your application needs to be submitted 1 October - 15th of October for the spring courses.

How do I apply to the courses?

- Go to <https://www.universityadmissions.se/intl/start>. Beneath the green search box, there is log in link for programme students. Click on that link.
- Use the right side of the page to log in where it says "Already a student". Your courses is only visible once you are logged in.
- Fill in the full application code (LNU-xxxxx). Once you have found the correct course, click "add".
- Once all your courses have been chosen, click "To application". Indicate the courses you will read within the programme. If you have additional courses, these are freestanding courses.
- Before finishing, you are asked to rank your courses. After this, press Confirm.

You will eventually need to **respond** to your admission decision. This is done electronically at [univeristyadmissions.se](https://www.universityadmissions.se). The last day to respond is found on the admission decision.

Which courses should I apply to?

Environmental Science and Sustainability, Master Programme

Year two:

LNU-P1552 Environmental Science and Sustainability, independent project, 30 hp
