Has the information during the course been accessible and sufficient?	Number of responses
Yes	4 (100,0%)
No	0 (0,0%)
Total	4 (100,0%)

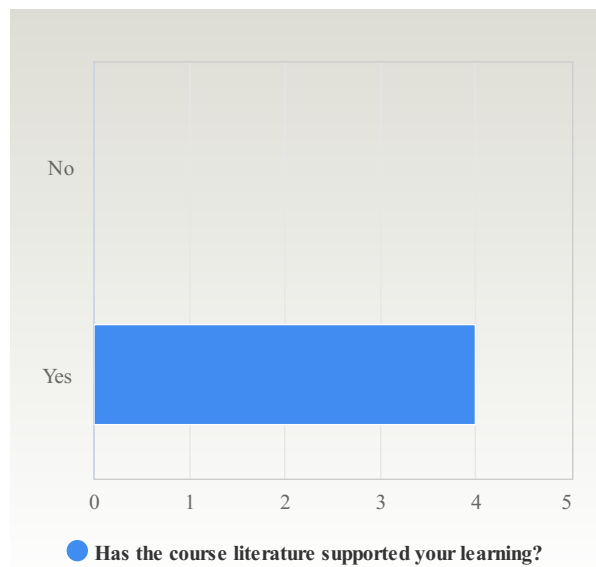

Has the teaching supported your learning?

Has the teaching supported your learning?	Number of responses
Yes	3 (75,0%)
No	1 (25,0%)
Total	4 (100,0%)

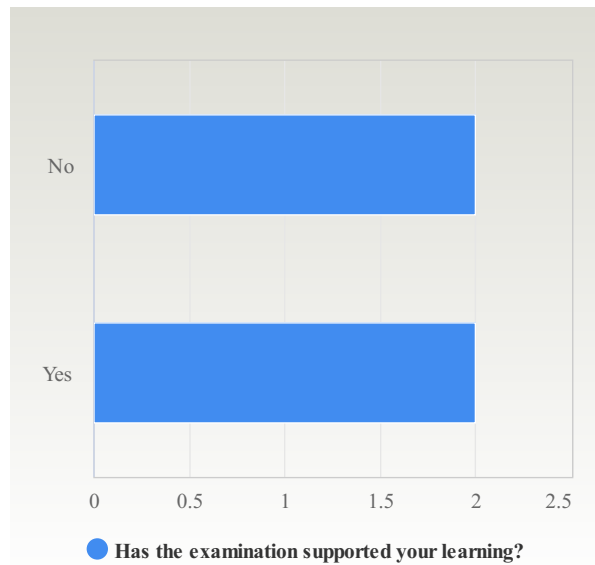

Has the course literature supported your learning?

Has the course literature supported your learning?	Number of responses
Yes	4 (100,0%)
No	0 (0,0%)
Total	4 (100,0%)

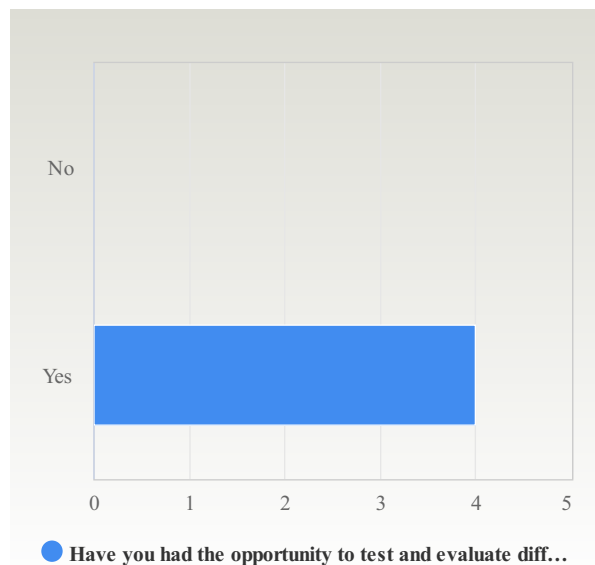

Has the examination supported your learning?

Has the examination supported your learning?	Number of responses
Yes	2 (50,0%)
No	2 (50,0%)
Total	4 (100,0%)

Have you had the opportunity to test and evaluate different ideas, perspectives and arguments during the course?

Have you had the opportunity to test and evaluate different ideas, perspectives and arguments during the course?	Number of responses
Yes	4 (100,0%)
No	0 (0,0%)
Total	4 (100,0%)

Is there anything in particular that you want to point out as being positive about the course?

Is there anything you think can be improved before the course is given again? In that case, please give suggestions.

What advice would you give students who are taking the course the next time?

Strengths of the course according to the students

(state 2-3 strengths)

Detailed and timely information provided

Suggestions for improvement measures

-- these topics should be introduced in late autumn and students should develop a research plan ahead of the course start in order to meet the deadlines of the course
