

Installing MAXQDA: On client computers

1. Download MAXQDA to the relevant computer and perform the installation.

Download link for Windows: www.maxqda.com/download/MAXQDA2022 Setup.msi

Download link for macOS: www.maxqda.com/download/MAXQDA2022.dmg

2. Launch MAXQDA after the installation and select the option "*Connect to your institution's network license*" in the activation dialog window.

3. Enter the server address and the port for the MAXQDA Netlic Service in the next dialog window.

	Cor	nnect this client computer t	o MAXQDA License Servic	e
S	ಧ್	Connect to your in:	stitution's network l	icense

- 5. Then click on "*Connect*" to acquire the license.
- 6. The client device can now use the license.
- 7. The entered data, i.e. server address, port and license name, are noted in a configuration file, so that the selected license is automatically acquired the next time MAXQDA is launched.
