

# **MEDICAL FIRST AID GUIDE FOR USE IN ACCIDENTS INVOLVING DANGEROUS GOODS**

(MFAG)

# Contents

|   |     |
|---|-----|
| <b>Foreword</b> .....   | 97  |
| <b>Introduction</b> .....   | 99  |
| <b>How to use this Guide</b> .....                                    | 101 |
| <b>Tables</b>   |     |
| Table 1      Rescue .....   | 105 |
| Table 2      CPR (Cardio-pulmonary resuscitation) .....               | 108 |
| Table 3      Oxygen administration and controlled ventilation .....   | 111 |
| Table 4      Chemical-induced disturbances of consciousness .....     | 113 |
| Table 5      Chemical-induced convulsions (seizures, fits) .....      | 116 |
| Table 6      Toxic mental confusion .....                             | 117 |
| Table 7      Eye exposure to chemicals .....                          | 118 |
| Table 8      Skin exposure to chemicals .....                         | 120 |
| Table 9      Inhalation of chemicals .....                            | 122 |
| Table 10     Ingestion of chemicals .....                             | 124 |
| Table 11     Shock .....  | 126 |
| Table 12     Acute kidney failure .....                               | 128 |
| Table 13     Pain relief .....  | 129 |
| Table 14     Chemical-induced bleeding .....                          | 131 |
| Table 15     Chemical-induced jaundice .....                          | 132 |
| Table 16     Hydrofluoric acid and hydrogen fluoride .....            | 133 |
| Table 17     Organophosphate and carbamate insecticides .....         | 135 |
| Table 18     Cyanides .....   | 137 |
| Table 19     Methanol (methyl alcohol) and ethylene glycol .....      | 138 |
| Table 20     Radioactive material .....                               | 139 |
| <b>Appendices</b>   |     |
| <b>Appendix 1    Rescue</b> .....                                     | 141 |
| Integrated response .....   | 141 |
| Emergency response plan .....   | 141 |
| Arrival at the scene .....  | 141 |
| Establishment of an exclusion or hot zone .....                       | 142 |
| Assessment, decontamination and initial treatment of casualties ..... | 142 |
| Decontamination .....   | 142 |
| Considerations for casualty treatment .....                           | 142 |
| Transport of casualty to medical area of ship .....                   | 143 |
| Medical management of casualty .....                                  | 143 |

|                    |  |     |
|--------------------|--|-----|
| <b>Appendix 2</b>  | <b>CPR (cardio-pulmonary resuscitation)</b> .....  | 144 |
|                    | Assessment of breathing .....  | 144 |
|                    | Assessment of heart function .....   | 144 |
|                    | Breathing, heart is beating, unconscious .....   | 145 |
|                    | Not breathing but heart is beating .....   | 146 |
|                    | Breathing and heart have stopped .....   | 147 |
| <b>Appendix 3</b>  | <b>Oxygen administration and controlled ventilation</b> .....                            | 150 |
|                    | Suffocation .....  | 150 |
|                    | Insertion of Guedel airway .....   | 151 |
|                    | Oxygen for the casualty who is not breathing .....                                       | 152 |
|                    | Oxygen for the casualty who has difficulty in breathing .....                            | 152 |
| <b>Appendix 4</b>  | <b>Chemical-induced disturbances of consciousness</b> .....                              | 153 |
|                    | The unconscious position .....   | 154 |
|                    | Unconscious casualties: .....  | 154 |
| <b>Appendix 5</b>  | <b>Chemical-induced convulsions (seizures, fits)</b> .....                               | 156 |
| <b>Appendix 6</b>  | <b>Toxic mental confusion</b> .....  | 157 |
| <b>Appendix 7</b>  | <b>Eye exposure to chemicals</b> .....   | 158 |
| <b>Appendix 8</b>  | <b>Skin exposure to chemicals</b> .....  | 159 |
| <b>Appendix 9</b>  | <b>Inhalation of chemicals</b> .....   | 160 |
|                    | Suffocation (asphyxia) .....   | 160 |
|                    | Chemical irritation of the lungs: dry cough, breathlessness and wheezing .....           | 160 |
|                    | Chemical irritation and oedema of the lungs: severe breathlessness and frothy sputum ... | 161 |
|                    | Chemical irritation and secondary infection of the lungs: productive cough .....         | 161 |
|                    | The chemical hazards from fire .....   | 161 |
|                    | Chemical hazards from welding .....  | 162 |
|                    | Chemical hazards from explosive chemicals .....  | 162 |
| <b>Appendix 10</b> | <b>Ingestion of chemicals</b> .....  | 163 |
|                    | Perforation of the gut and peritonitis .....   | 163 |
| <b>Appendix 11</b> | <b>Shock</b> .....   | 164 |
|                    | Fainting .....   | 164 |
|                    | Circulatory collapse and shock .....   | 164 |
|                    | Heart failure .....  | 164 |
| <b>Appendix 12</b> | <b>Acute kidney failure</b> .....  | 165 |
| <b>Appendix 13</b> | <b>Fluid replacement</b> .....   | 166 |
|                    | Oral fluids .....  | 166 |
|                    | Intravenous fluids .....   | 166 |
|                    | Rectal fluids .....  | 167 |
| <b>Appendix 14</b> | <b>List of medicines and equipment</b> .....   | 168 |
|                    | List of equipment .....  | 170 |
| <b>Appendix 15</b> | <b>List of substances</b> .....  | 171 |
|                    | UN number sortation .....  | 171 |
|                    | Alphabetic sortation .....   | 172 |
