

Instructions for use of Inspera Ouriginality

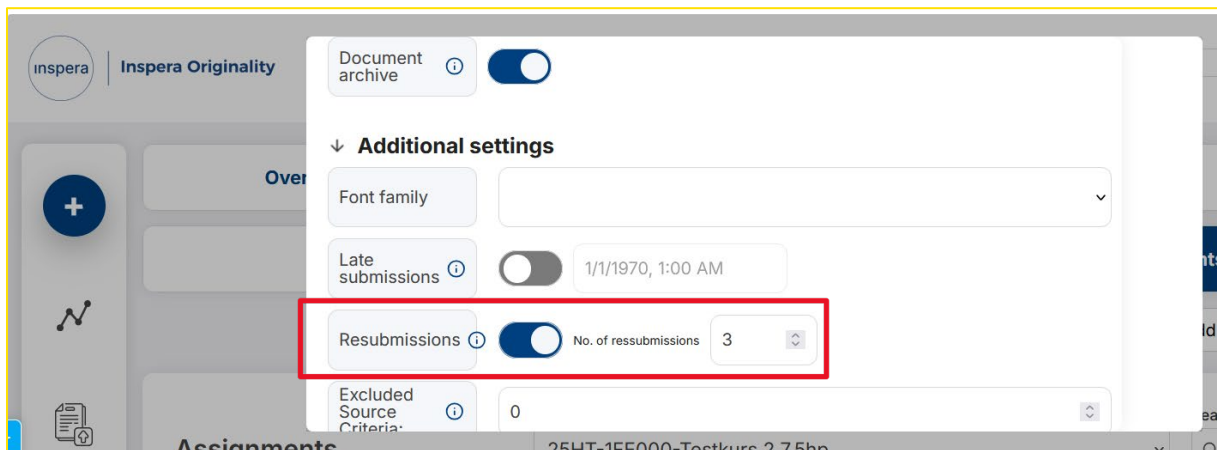

Teacher preparations in Moodle

1. Add a new Assignment. Use the Description to explain that the assignment activity is not for submission, feedback and grading only.
2. Deactivate Online text and File submissions. See image.

The screenshot shows the 'Submission types' and 'Feedback types' sections of a Moodle assignment configuration. In the 'Submission types' section, the 'Online text' and 'File submissions' checkboxes are both unchecked and are highlighted with a red rectangular box. In the 'Feedback types' section, 'Feedback comments' and 'Feedback files' are checked, while 'Annotate PDF' and 'Offline grading worksheet' are unchecked. Below this, the 'Comment inline' dropdown is set to 'No'.

3. Add an Inspera Ouriginality activity. Use the same name as for the Assignment, for example Assignment 1 - Submission.
4. Specify max number of files to be submitted. See image. Remember to notify the students how many files they can submit.

The screenshot shows the 'Inspera Ouriginality' settings for an assignment. The 'Document archive' toggle is turned on. Under 'Additional settings', the 'Font family' is set to a default value. The 'Late submissions' toggle is turned off, with a date of '1/1/1970, 1:00 AM'. The 'Resubmissions' toggle is turned on, and the 'No. of resubmissions' is set to '3', which is highlighted with a red rectangular box. The 'Excluded Source Criteria' is set to '0'.

5. Scroll down and click Edit assignment and then Confirm.

Student file submission

1. Click the submission link.
2. Add the first file.
3. To add more files, (See image)
Click the plus sign, then Upload and Submit.

The screenshot shows a user interface for file submission. A red circle highlights a plus sign icon in the left sidebar. A red rectangle highlights a blue 'Upload' button at the top. Another red rectangle highlights a blue 'Submit' button in the bottom right corner of a table row.

Subject		Request			
Assignment	End Date	Submissions	Description	Status	Submit
Studentuppgift 2	Never	1	Read description	Delivered	<input type="button" value="Submit"/>
